A diagram illustrating the relationship between a header file and four source files. At the top is a gray box labeled 'tp_miscfunc.h'. Below it are four white boxes: 'tp_miscfunc.c', 'tp_output.c', 'tp_packet.c', and 'traceproto.c'. Four blue arrows point from each of these four boxes up to the 'tp_miscfunc.h' box, indicating that all four source files include or depend on this header file.
